Above all, the story of the gene is driven by human ingenuity and obsessive minds—from Mendel and Darwin to Francis Crick, James Watson, and Rosalind Franklin to the thousands of scientists working today to understand the code of codes. Consequently, no transcript actually exists, and it's still referred to as "Lincoln's lost speech." Photo Courtesy: VCG Wilson/Corbis via Getty Images What few people may know, however, was that Honest Abe was also a killer wrestler. It turns out that during his marriage to his American wife, Anne Morrow Lindbergh, he also managed to father children with at least three other secret mistresses. They founded their own drinking society called the "inimitable liveries" in the winter of 41–40 B.C. The group's purpose was feasting, binge-drinking and playing games.Albert Einstein was one of the most brilliant men of the 20th century, but he wasn't always great when it came to social interaction. So it's no surprise that, at the height of his popularity, a massive number of Charlie Chaplin imitators started springing up all over the world. Photo Courtesy: Wikimedia Commons Clemens was forced to drop out of elementary school after his father died, and he went on to become self-educated via public libraries. While his body is believed to be buried in Westminster, what happened to his head is uncertain. Ironically, he was accidentally shot in the arm three times by friendly fire during a reconnaissance mission on May 2, 1863. She fought on the front line as the leader of 230 other women before retiring from the military in 1946.Charlie Chaplin Once Lost a Charlie Chaplin Lookalike ContestIn the early part of the 20th century, comedian Charlie Chaplin became one of the world's first movie stars. He later sent one to Ford, and "Edison's Last Breath" is still on display today at the Henry Ford Museum.John Quincy Adams Was a Skinny-dipping EccentricNot only was John Quincy Adams the only U.S. president who was elected despite losing both the popular and electoral votes, but he was also quite a character. Responsibility: Siddhartha Mukherjee. Photo Courtesy: Wikimedia Commons Whether at Ford's request or not, Charles asked for eight open test tubes at his father's bedside to be sealed upon Edison's death. Photo Courtesy: Wikimedia Commons Working for him had its perks; he gave his beloved housekeeper shares of Disney stock as bonuses. Despite earning honorary degrees from schools such as Yale and Harvard, he only had two years' worth of formal education before dropping out. Photo Courtesy: Wikimedia Commons The job wasn't without its perks, as each of the grooms was knighted and considered somewhat influential. It reorganizes our understanding of sexuality, gender identity, sexual orientation, temperament, choice, and free will, thus raising the most urgent questions affecting our personal realms. Lee was met with protests and violence. During the Cold War, the CIA was adamant about finding new and exciting ways to bring Castro down by any means. Tesla noted that the bird's eyes produced "a light more intense than I had ever produced by the most powerful lamps in my laboratory."Mark Twain Based Huck Finn on a Real Kid He Grew Up WithOne of the most prolific writers in American history, Samuel Clemens, went through several ill-fated pen names before he settled on Mark Twain. MORE FROM LIFE123.COM By the time he was reburied, he was missing three fingers, a vertebra and a tooth. Though she never sold the shares out of respect for Walt, when she died, her estate was discovered to be worth \$9,000,000 — half of which she left to charity. Photo Courtesy: Wikimedia Commons He spent whatever money he had on books and became a literary sensation at the age of 16. One of the reasons he cited was that he lacked the "natural aptitude and the experience to deal properly with people."Leo Tolstoy Had a Zany SideNineteenth-century "War and Peace" author Leo Tolstoy is still regarded as one of the greatest fiction authors. As a young man, he only lost one out of 300 wrestling matches and was even honored as an "Outstanding American" in the National Wrestling Hall of Fame.Rousseau Enjoyed a Full MoonWhile famous philosopher, composer and writer Jean-Jacques Rousseau may seem like the model of an 18th-century gentleman, he also had a pretty bizarre habit. Series Title: Baker & Taylor Books (Firm.). Axis 360. He was a massive fan of a good skinny dip and rose each morning to swim in the Potomac River completely naked. When he got on a particular bandwagon, he was known for going all out. Mussolini was up for the award in 1935 for helping get the Italian economy back on track. Due to his bold criticism of the French government, he made a habit of living close to the border so he could flee at a moment's notice.Elvis' Death May Have Been Partially Due to Severe ConstipationWhen Elvis Presley's girlfriend discovered him dead in his bathroom, it was announced that a sudden heart attack had killed the rock 'n' roll legend at 42 years old. In an attempt to cram as much knowledge as possible into the average education, few courses take the time to really delve into the lives of some of history's most famous figures. Though poor, Clemens said that Blankenship had "as good a heart as ever any boy had."Amelia Earhart's Prenup Insisted on an Open MarriageFamous aviator Amelia Earhart was an independent woman, and the prenup she drew up for her husband made sure that he knew what he was getting into. Photo Courtesy: Eric VANDEVILLE/Gamma-Rapho/Getty Images The bizarre keepsakes were passed down through various families until two of the fingers and the tooth appeared at an auction in 2009. He liked going around mooning random women, and in his autobiography he explained why. As he once put it, "I think it wiser, moreover, not to keep open the sores of war but to follow the examples of those nations who endeavored to obliterate the marks of civil strife, to commit to oblivion the feelings engendered."Abraham Lincoln Was Honored by the National Wrestling Hall of FamePresident Abraham Lincoln was famously known for his ability to mesmerize an audience. Many doctors now believe it's likely that the huge size of his colon and severe constipation played a significant role in his death.Robert E. Photo Courtesy: Wikimedia Commons The prenup made it clear that not only would she keep flying, but that she'd prefer to have an open marriage. The queen was fond of playing the role of a shepherdess and walked around and lived as if she were an average peasant for the day.Winston Churchill Accidentally Inspired His Daughter to Join the ArmyWinston Churchill once jokingly quipped, "No, I can't spare any men; you'll have to use women." The comment ended up inspiring his daughter, Mary, to join the Auxiliary Territorial Service. The sessions covered subjects that were important to women at the time, including everything from equal pay and affordable housing to minimum-wage concerns.Thomas Edison's "Last Breath" Is on Display in a MuseumIn the annals of fandom, Henry Ford went above and beyond in his devotion to his idol, Thomas Edison. The remaining middle finger traveled through various museums and was on display at the aptly named Galileo Museum in Florence, Italy.Charles Lindbergh Secretly Had Multiple FamiliesThough the famous aviator Charles Lindbergh was known for several things, he managed to keep some huge personal secrets. He sneaked letters into his brother's newspaper under the name "Silence Dogood." Silence became so popular that she received several marriage proposals before Franklin revealed "her" true identity.Walt Disney Made His Housekeeper a MultimillionaireWalt Disney is synonymous with everyone's favorite cartoon characters, but the truth that he was terrified of mice was a secret closely guarded from Mickey's enormous ears. Ford even had the good fortune of having a friendship with Edison throughout his life. That's why Marie Antoinette decided to use her riches to build her own fantasy world. Their proximity to the King was about as close as it gets. He also gave them his old hand-me-down clothes.Benjamin Franklin Only Had Two Years of Formal EducationBenjamin Franklin is still known as one of the most brilliant men in American history, and by 1785 he was the wealthiest person in the United States. George Palmer Putnam proposed to Earhart six times before she agreed to marry him, with a few conditions. Given that "A Christmas Carol" was essentially a holiday-themed ghost story, it makes sense that he was a member of London's "ghost club." Photo Courtesy: Wikimedia Commons The group, which included other famous authors like Sir Arthur Conan Doyle, was dedicated to exploring paranormal activities and otherworldly beings. As seriously as he took his work, Tolstoy also had a quirky side. One of the reasons that her renowned love affair with Mark Antony worked out so well was that the two were notorious pranksters. She made her terms clear by writing, "I shall not hold you to a medieval code of faithfulness to me, nor shall I consider myself bound to you similarly."Stonewall Jackson's Arm Has Its Own GraveThomas "Stonewall" Jackson was one of the most famous Confederate generals of the American Civil War. The moral complexity of genetics reverberates even more urgently today as we learn to "read" and "write" the human genome—unleashing the potential to change the fates and identities of our children and our children's children—Abraham Lincoln. The story of the gene begins in earnest in an obscure Augustinian abbey in Moravia in 1856 where Gregor Mendel, a monk working with pea plants, stumbles on the idea of a "unit of heredity." It intersects with Darwin's theory of evolution, and collides with the horrors of Nazi eugenics in the 1940s. Photo Courtesy: Wikimedia Commons In 1952, Israel even asked Einstein if he'd like to become the country's second president, but he ended up politely declining the offer. Photo Courtesy: Wikimedia Commons Ironically, General Lee himself was openly opposed to the idea of all war monuments. Dickens also had a pet raven named Grip, which he had stuffed after it died. It was called Hameau de la Reine (The Queen's Hamlet) and was the queen's own village where she could pretend to be whomever she wanted. Photo Courtesy: Taylor Smith/Unsplash His efforts paid off when he sold the forgery to Cardinal Raffaele Riario for far more than he would have if he'd admitted the sculpture was an original. In 1856, it's said that he gave a speech in Bloomington, IL, that was so moving that all the reporters present forgot to take notes. Photo Courtesy: olekinderhook/web.archive.org His arm had to be amputated which, along with pneumonia, was part of the cause of his death on May 10, 1863. That's why First Lady Eleanor Roosevelt decided to hold a White House press conference in 1933 that was exclusively for female reporters. Photo Courtesy: Wikimedia Commons She retreated to it with her children or friends and had her servants pretend to be its inhabitants. Photo Courtesy: Wikimedia Commons He implored the actress to stay, explaining that she was able to represent people of color in an intelligent, beautiful way on TV — which was (and still is) incredibly important. Photo Courtesy: Wikimedia Commons After being spanked as a child by a woman who helped raise him, he was surprised to find that he enjoyed the experience. While assuming that he would stack up quite well against his imitators, things didn't go exactly as he planned, and he ended up losing.Michelangelo Got His Start in Art ForgeryWhen Michelangelo was 19 years old, he created a sculpture that he passed off as an antique from ancient Greece. It invades discourses concerning race and identity and provides startling answers to some of the most potent questions coursing through our political and cultural realms. -- Epilogue: Dheda, Abhedra. The title character in his famous novel, Huckleberry Finn, was based on a real boy whom Clemens grew up with named Tom Blankenship. Photo Courtesy: Bettman/Getty Images It was revealed that the organization made over 600 attempts to humiliate or assassinate the Cuban leader, though he always proved stealthy enough to avoid falling into the traps. Woven through the book is the story of Mukherjee's own family and its recurring pattern of schizophrenia, a haunting reminder that the science of genetics is not confined to the laboratory but is vitally relevant to everyday lives. A chaplain who served with the company didn't think it would be right to simply toss the arm into the regular pile of amputated limbs, so he gave it its own Christian burial, complete with a headstone.Eleanor Roosevelt Used to Hold Women-Only Press ConferencesThough there are many celebrated female journalists today, things weren't always easy for women reporters in the 1930s. She arrived at the table that night to find a live chicken tied to her chair and butcher's knife on her placemat.Martin Luther King Jr. Was a Huge TrekkieWhile many of Martin Luther King Jr.'s most famous feats have gone down in history, few people know how much the civil rights leader loved Star Trek. Though an English translation of the novel wasn't available until 2009, you can check it out today by purchasing a copy on Amazon.Sir Walter Raleigh's Wife Kept His Head for Years After He Was ExecutedAs a renowned soldier, explorer and poet, Sir Walter Raleigh was among the most famous figures of Elizabethan England. Seeing how this was long before the age of Fifty Shades of Grey, he spent much of his life yearning to recreate the experience and would expose his bottom to strange women in alleyways.Napoleon Wrote a Romance Novel You Can Still Buy on AmazonSome people are lovers, while others are fighters, but Napoleon Bonaparte was a bit of both. When King heard that African-American actress Nichelle Nichols was considering retiring from the show, he set out to change her mind. Collectively, the three dictators won the award for the most ironic nominees ever.No One Has Any Idea How Voltaire Created His Pen NameWhile the 18th-century French writer and philosopher known as Voltaire is still famous for his work today, Voltaire wasn't his real name. The famed French general and emperor had a soft side, which led him to write his own romance novel called "Clisson et Eugénie." Photo Courtesy: Wikimedia Commons Written a year before Napoleon met and married his wife, Josephine, the story revolves around a Egyptian soldier and his love interest who continuously find themselves separated by love and eventually death. Lee Opposed War MonumentsTensions have escalated over whether or not Confederate Civil War monuments should be taken down. Photo Courtesy: Bettman/Getty Images The conference was such a success that the First Lady turned it into a tradition and held nearly 350 women-only press conferences over the course of the next several years. By the age of 21, she rose to the rank of Junior Commander, which was equivalent to the rank of Captain. Some said that she had it preserved in a case; others said that she kept it in a leather bag.Nikola Tesla Once Loved a Pigeon Like "One Might Love a Human" Nikola Tesla made revolutionary contributions to the modern world with his work on the AC electrical supply system, but his romantic side was complicated. Back in 2017, the announcement of the pending removal of a statue of General Robert E. Some of the more outlandish schemes involved poisoning his wet suit and attempting to blow him up with an exploding cigar.Hitler, Mussolini and Stalin Were All Nominated for the Nobel Peace PrizeThough thankfully none of them won, it's incredible that Adolf Hitler, Joseph Stalin and Benito Mussolini were all nominees for the Nobel Peace Prize. Photo Courtesy: Wikimedia Commons He claimed that a white female pigeon had visited him through the open window in a hotel room and died in his arms. After being fired from a newspaper job for "lack of imagination," he went on to enjoy the last laugh. King's words had such a profound impact on Nichols that she reconsidered retiring and stayed on the show.Charles Dickens Was Fascinated by the SupernaturalCharles Dickens, the Victorian author of classics such as "Oliver Twist" and "A Christmas Carol," had a mysterious side. Here you'll discover a collection of fascinating, fun and occasionally hilarious facts about historical figures that you didn't learn in school.Cleopatra and Mark Antony Loved to PartyWhile many picture Cleopatra as a model of elegance, it seems that Egypt's most famous queen wasn't too into let her hair down. So dedicated was he to the forgery that he buried it and dug it back up so that it would have that old, timeworn look. The gene transforms postwar biology. Some say that Ford asked Charles Edison, Henry's son, to collect his father's last breath when he died. Photo Courtesy: PATRIK STOLLARZ /Stringer via Getty Images Stalin was actually nominated not once but twice, in 1945 and 1948, for his efforts to help bring World War II to an end. Photo Courtesy: Wikimedia Commons Given that he was far from shy in his writings, publishing them under a false name was definitely a good idea. During the move, however, several of Galileo's admirers decided to take a few ghoulish souvenirs. Over the years, doctors who took part in his autopsy have admitted that that was far from the whole story. He insisted on remaining celibate throughout his life and allegedly died a virgin, though he was known to have entertained an intense love for pigeons. Photo Courtesy: Wikimedia Commons Ancient texts reveal that one of their favorite pastimes was disguising themselves, roaming the streets of Alexandria and playing hilarious jokes on people. Photo Courtesy: Wikimedia Commons President Adams kept a pet alligator in the White House bathtub, claiming that he enjoyed "the spectacle of guests fleeing from the room in terror." He also believed that mole people lived in the center of the earth and authorized an expedition to find them.King Henry VIII Had a Personal Toilet TeamIf you think your job is rough, then imagine being one of King Henry VIII of England's "Grooms of the Stool." These guys were responsible for all the king's toiletry needs, including wiping his bum after he deposited various royal excretions.
